

TECH[®] Stain Remover

Use TECH Stain Remover[®] on whites and all colorfast fabrics including bed linens and towels. TECH removes all types of soils and stains, even many that have been through several washings.

- Always check for colorfastness in an inconspicuous area
- Use sparingly on wool fabrics and carpets

Laundry Stain Remover

- ✓ Easy to use and economical
- ✓ Won't fade colorfast fabrics
- ✓ Contains no harsh ingredients
- ✓ Won't affect permanent press
- ✓ Safe for all types of washable fabrics

Directions: Apply TECH Stain Remover[®] directly to soiled or stained area. Be sure to completely penetrate fibers. (Items may even pre-soak in TECH). Wait a few minutes, then launder per garment instructions. If TECH dries, it will **not** set the stain. If stain persists, repeat cleaning steps.

Note: For extra cleaning power add two to four ounces of TECH Stain Remover[®] to wash water at the beginning of the cycle.

Carpet Stain Remover

- ✓ Bleach Free/Odor Free
- ✓ Safe for colorfast carpets
- ✓ Quickly removes tough stains
- ✓ Carpet & Rug Institute Seal of Approval

Directions: Apply TECH Stain Remover[®] directly to stained area. Penetrate fibers. Gently agitate stained area with your fingers, then using a damp terry-type (micro-fiber also works) towel begin to blot the stain. Do not use paper towels. Allow area to dry, repeat if necessary to completely remove the stain.

Upholstery Cleaning

- ✓ Bleach Free/Odor Free
- ✓ Safe for colorfast upholstery
- ✓ Quickly removes tough stains

Directions: Moisten a clean, white absorbent cloth with TECH Stain Remover[®], blot stained area. Blot dry with a clean, dry and absorbent cloth. Allow to stand a few minutes, then use a clean, white absorbent cloth moistened with warm water and wrung out. Blot stain from the fabric.

Vinyl Cleaning

- ✓ Auto/Marine/ RV
- ✓ Bleach Free/Odor Free
- ✓ Quickly removes tough stains

Directions: Moisten a clean, white absorbent cloth with TECH Stain Remover[®] and wipe soiled area. Allow to stand a few minutes, then wipe/blot again with a clean, damp cloth moistened with warm water. A dry cloth may be used to blot dry the area. TECH Stain Remover[®] may be applied directly to vinyl, followed by rinsing with a clean, damp cloth moistened with warm water. For textured vinyl use a small, soft bristle brush may be used to work area. Repeat if necessary.
